

We have been thinking about the Parents Evening that we hold in school every term: what's working and what's not working .

We are required by law to set targets with families and students every term, and your children's targets are an essential part of their curriculum at Bidwell Brook.

We are also aware that for many of our families it is difficult or impossible to come along to the school on a Wednesday between 3:30 and 6:30.

Could you help us to think about how to improve this situation by responding to these statements:

1. I would like to have a longer appointment with the class teacher to really talk things through that will lead to useful targets

Yes		No	
-----	--	----	--

Comments:

2. I would find it easier to come into school during these time periods (please tick those times best for you)

	Monday	Tuesday	Wednesday	Thursday	Friday
Morning (9-12am)					
Afternoon (12-3pm)					
After school (3-6pm)					

3. It would help me if the teacher could come to a location nearer to my home (for example, rent a room in Newton Abbot)

Yes		No	
-----	--	----	--

Comment:

4. I would prefer to talk to the class teacher from home by

Telephone	
Skype	
Facetime	
Other	

Comment:

5. I like the idea of coming to school and meeting people in the School Gates Café but am unable to come along because

My children don't get home in time for me to come back to school.	
I have other children to care for in the evenings and no-one who can help me care for them	
I work evenings	
I do not drive	
Other (please state)
