The Learn to Live Federation consists of Bidwell Brook School and Ellen Tinkham School. Both schools are Local Authority maintained special schools and form part of a Co-operative Trust (the SENTient Trust) with other special schools in Devon.

The Learn to Live Federation has a clear approach to meeting the needs of pupils with special educational needs and is supported by the Local Authority (LA) and the SENTient Trust to ensure that all pupils, regardless of their specific needs, make the best possible progress in school. This SEN Information Report will be updated annually to reflect changes and plans within the Federation. The report states the current provision offered by the Learn to Live Federation. Admissions to the school are in line with our Admissions Policy which is published on our school websites. More detail on our commitment to high quality educational provision for all our pupils is detailed in our Curriculum Policy.

<p><b>What types of Special Educational needs do the pupils who attend our schools have?</b></p>	<p>All pupils attending have either severe or profound learning difficulties. Many also have physical, sensory or behavioural additional needs, including autism.</p>
<p><b>How do we assess and review pupils' progress towards outcomes, including opportunities to work with families and learners as part of this assessment and review?</b></p>	<p>Every pupil has an Education Health and Care Plan, which is reviewed annually at a Review meeting.</p> <p>During this review, parents, teachers, professionals and the pupil discuss the pupil's progress and set actions for the following year. The Learn to Live Federation uses a range of different assessment systems to support the varying needs and ages of its learners. These include:</p> <ul style="list-style-type: none"> <li>• Statutory Framework for the Early Years Foundation Stage and KS1;</li> <li>• Core Curriculum for pupils in KS1, 2, 3 and 4. Some of our KS1-4 pupils work on an Engagement Model Curriculum rather than the Core Curriculum, depending on their pathway and progress;</li> <li>• Home School Agreement Targets (HSAs) – Bespoke assessment system for all pupils. Targets are discussed the Annual Review and subsequent termly parent meetings. Parents are encouraged to work on the targets at home, alongside the school. Targets are set in areas of need bespoke to the pupil such as independence, communication or social skills. Progress for each target is tracked throughout the year and pupil progress data collected and monitored via Earwig;</li> <li>• Pearson's qualifications at Entry Level in Functional English, Maths and ICT at KS4 and KS5;</li> <li>• BTEC in KS5.</li> </ul>

The curriculum is reviewed to ensure it is in line with statutory guidance and any new regulations. The Learn to Live Federation provides a curriculum that is primarily led by individual outcomes. The curriculum is relevant, broad and promotes independence, as well as enabling learners to become functional in literacy, numeracy and communication. For some pupils, therapeutic interventions comprise a significant part of their curriculum.</p> <p>Learning environments may be adapted by:</p> <ul style="list-style-type: none"> <li>• Ensuring Total Communication happens at all times;</li> </ul>

Training is specifically related to the needs of learners in our schools. Teachers undergo regular CPD training. All staff have clear job descriptions which detail required qualifications for each post.</p>

<p><b>How will we secure equipment and facilities to support pupils with SEN?</b></p>	<p>As special schools, the resources we have available to us are focused on pupils with special educational needs.</p> <p>All our school buildings are fully accessible. We look to enable the environment to be supportive of pupils' communication and sensory needs.</p> <p>Each school uses its own budget to provide the majority of resources and facilities that are needed. Some specific resources come via other agencies ie equipment such as standing or walking frames etc.</p> <p>If additional equipment or support is needed, the schools make enquiries to Devon County Council Support Services and also charitable trusts for funding.</p>
<p><b>How does the governing body involve other stakeholders including Health and Social Services, Local Authority and Voluntary Organisations, in meeting the needs of learners with SEN and their families?</b></p>	<p>The Governors are aware of the wide range of staff working together within the Federation to support our learners and their families. <p><b>How do we handle complaints from parents of children with SEN about provision made at the school?</b></p>	<p>If a family has a complaint, our Heads of School will contact the individual(s) and discuss the complaint over the phone. <p><b>Who can young people contact if they have concerns?</b></p>	<p>Pupils may raise a concern with their Class Advocate, their Teacher or indeed any adult with whom they may have a good relationship.
