

WHAT IS THE
CORONAVIRUS?

The Coronavirus is a virus that can make people feel unwell.

The Coronavirus can also be called
“COVID-19”.

COVID-19 / CORONAVIRUS

People who have the
Coronavirus may have:

Sore Throat/
Dry Cough

Fever

Shortness of breath

Most people who have the
Coronavirus will stay at home
to get better.

Some people who have the
Coronavirus will go to the hospital to
get better.

I can help stop the spread of germs by washing my hands with soap and water.

I can take my time when I wash my hands, making sure I wash between my fingers and all over my hands.

If I can't use soap I can use Hand Sanitizer.

There will be no school for a while
as the school needs to shut.

But you will be able to come back to
school when it is open again.

I will stay at home while school is closed.

I will be able to do some school work when I am at home.

I don't need to feel afraid.

I will be with my family at home.

I will not be able to go to my favourite places for now.

Once the Coronavirus is gone I will be able to go to my favourite places again.
