

Coronavirus

Coronavirus is a new illness

Coronavirus feels like the flu

Coronavirus can be harmful if you

already have an illness

Doctors are trying to find out how

Coronavirus is spread

Doctors have said we should follow

these rules.

1

rule 1:

If you cough or sneeze cover
your hand and mouth with a tissue.

Then bin the tissue and

wash your hands

You must do this every time

2

rule 2:

When you go out wash your hands and

when you get in

3

rule 3:

Try not to touch your face

4

rule 4:

Wash your hands before you eat
